

10. MUD PUMP FLUID END PARTS AND EXPENDABLES

Mud Pump fluid end parts and expendables of pumps like Emsco, NOV, Gardner Denver, National, Oilwell, IDECO and all other popular make and models are available at our associate concern Sudarshan Elastomers Pvt. Ltd in Surat, Gujrat, India. For more details visit our website: www.sudarshanindia.com

Product Range:

Rubber Bonded Pistons, Assembled Pistons, Bonded Urethane Pistons, High Temperature High Pressure application Pistons, Piston rubber assemblies, Valves, Valves Seat, Valve Assemblies, Valve Disc, Valve guide, Liners, Liner Gaskets

11. LINER & VALVE COVER GASKET

RRP Valve Covers & Gaskets are available in different polymers as per the application requirements for various models of pumps. These have been developed after years of field research and lab development, making them as one of the best in the market.

Product type	Pump Model	Material Composition Possibility
Valve cover gasket, Cylinder head gasket, Discharge manifold gasket, Discharge seal, Suction manifold gasket, Liner gasket, Liner wear plate gasket, spacer seal, Module seal, Connection to adaptor	EMSCO TRIPLEX: F-350/500/650 F-800/1000 FB-1300/1600	Polyurethane, Rubber, Canvas-Rubber combination, and Canvas impregnated
	GARDNER DENVER: PZ-7/8/9 PZ-10/11	
	NATIONAL : 8P-80/ 9P-100 10P-130	
	OILWELL: A350 PT/ 560 PT/ 600 PT A850 PT/ 1100 PT A 1400 PT/ A 1700 PT	

12. PLUNGER PUMP SPARES

Replacement Plunger Pump parts and expendables of pumps like BJ, Halliburton and NOV plunger pump are available

Product Range:

Plungers, Valve Assemblies, Valve Body, Valve seat, Valve insert, Valve disc, Plunger packing's etc.

13. PLUNGER PACKINGS

RRP Plunger packing are designed to give positive high-pressure sealing, low wear and long service life. The packing utilizes a series of seal rings molded from rubber impregnated high strength fabric. These are available in various design types for different pumping liquids, temperatures and pressure rating in various sizes.

We offer a variety of different packing's that will suit individual users needs. Our packing's are available in Teflon, Kevlar, Adjustable, Non-Adjustable (Style 838), Spring Loaded, Utex style packings : like SF, SSF, ASF, JFD design packing's for various pressure and temperature range and chemical resistivity.
