## About RRP

We are delighted to introduce **Rubber Regenerating & Processing Co.** as a leading manufacturer of precisely engineered rubber, urethane, and metal parts specifically designed for the Oil and Gas sector. As an ISO 9001:2015 Certified company accredited by the United Accreditation Foundation and a member of the IAF, we pride ourselves on our commitment to excellence. Our state-of-the-art equipment, advanced testing facilities, and dedicated R&D Centre are supported by a team of qualified technicians and engineers. Through continuous innovation and a passion for exceeding product specifications, we strive to enhance customer satisfaction by providing quick turnarounds and delivering high-quality products at competitive prices.

With over 40 years of experience in the Oil and Gas industry, we have developed thousands of spares for all imported equipment used in Oil and Gas applications. Our products are not only exported globally but also supplied to esteemed organizations such as ONGC, Oil India, and other reputed domestic drilling companies in India, along with over 100 distributors worldwide.
